

## **Public Notice**

The Montana Department of Environmental Quality (DEQ) is seeking public comments concerning the Bonita – Superior Metals TMDLs until April 5. The TMDL document identifies water quality restoration goals for metals contamination from historical mining activities. In the Superior area it links to the ongoing remediation work in the Flat Creek watershed. For the Cramer and Wallace watersheds east of Clinton, it provides information on the success of mine reclamation activity and potential next steps.

The final draft document is posted on the DEQ web site at <http://deq.mt.gov/pubcom.mcp> and copies are available at the Missoula and Superior Public Libraries and the State Library in Helena. Comments will be accepted until 5 p.m., April 5, 2013 and may be mailed to DEQ, P.O. Box 200901, Helena, MT 59620, or submitted electronically at <http://comment.cwaic.mt.gov/>. For more information, contact Eric Sivers at (406) 444-0471, or by e-mail at [esivers@mt.gov](mailto:esivers@mt.gov).

Public meetings will take place on March 18, 2013 from 12:00-1:30 in the board room, Missoula Public Library (301 E Main St, Missoula) and from 3:00-5:00 in the Superior Commission Meeting Room (300 River St., Superior). DEQ will make reasonable accommodations for persons with disabilities who wish to participate in this meeting. If you require an accommodation, please contact Carrie Greeley at 406-444-6749 or at [cgreeley@mt.gov](mailto:cgreeley@mt.gov) by March 14 to advise us of the nature of the accommodation that you need.
